

DON'T USE THE KNIFE

That's the barbarous way of treating one another—any one can be proved guilty by the use of the knife. The only way to settle a quarrel is by the use of the law. The only way to settle a quarrel is by the use of the law.

FORT GEORGE GETS ANOTHER BIG ROOM

All Foley, Welch and Stewart Employees' Checks Drawn on That City Now.

"The biggest thing that ever happened at Fort George," was the comment of P. J. Fraser, superintendent of the construction camp at Mile 112 B.C., in referring to the fact that all checks and pay to employees of Foley, Welch and Stewart, the main contractors for the G.T.P., are now drawn on Fort George. This fact, according to Fraser, will result in hundreds of thousands of additional dollars being spent in Fort George every month.

Seen at the Royal George today, Mr. Fraser stated that the camp at Mile 112 would be closed down in the course of the next week. And Foley, Welch and Stewart's main cash reserve moved to Mile 112, on the other side of the Fraser river. Steel, Mr. Fraser added, reached Mile 112 a few days ago. Synchronizing with the change of the main cash, from Mile 112 to Mile 145, will come the transferring of the head office of the company from Telus to the Port. In the future all contracts will be made from the Port. It is anticipated that the alteration will be made as soon as possible.

Mr. Fraser who has been connected with pioneer railway construction work for over 30 years, having been connected with frontier enterprises in India, Burma, Siam, China and Australia, stated that he had never seen any line laid with such rapidity, and at the same time so solidly, as the main G.T.P. line through the mountains. Mr. Fraser added that, in his opinion, there was a great future before the whole of the rich country which is being tapped by the new line.

MANY STRIKERS ARE ARRESTED

Threats of Burning Heard and Cincinnati Police Charge Teamsters.

Cincinnati, Aug. 5.—Trouble between strikers and their employers, and the police ended in the arrest of 20 of the former, charged with threats of burning the latter's property and with threats to burn the latter's property. A squad of detectives and uniformed men hurried to the scene of the disturbance, which was a great crowd gathered there. The police drove revolvers and clubs, but several were arrested in hand to hand fighting with police.

Hardly was the trouble over when another riot broke out. A crowd of about 200 men gathered in front of the Cincinnati Police station. The police drove revolvers and clubs, but several were arrested in hand to hand fighting with police.

CHINESE AGAIN FIGHTING WITH GOVERNMENT NO FINISH SEEN

Situation is Extremely Confusing and Sharp Clashes Seem Inevitable.
NEGOTIATIONS LOOKING TO SURRENDER-DROPPED
While the Government has the Whip Hand There is no Prospect of Early Cessation of Hostilities.

London, Aug. 5.—A despatch to the Times from Shanghai says that the negotiations on the part of the government forces for the surrender of the rebels have been dropped and that there appears to be no possibility of the situation up the river, he adds, is extremely confusing. Apparently the government troops control the railway practically to Peking, west of Nanjing, and the rebels are tending the drift down country between Nanjing and Chin Kiang.

While the government has the whip hand, the correspondent concludes there is no prospect of an early cessation of the hostilities.

A despatch to the Daily Telegraph from Peking says it is understood that there is a fresh convoy of 5,000 northern troops leaving Tientsin for the purpose of attacking the Wu Sung and Kiang Xin forts.

CAPTAIN CRICHTON IS FOUND DEAD ON TRAIN

His Disappearance—He Was Formerly Port Warden at Montreal and Was Well Known in Canada.

London, Aug. 5.—Captain Alex Crichton, a well-known Canadian, was found dead on a train near London station. Captain Crichton was formerly port warden at Montreal. He was well known in Canada, having been in command of the Dominion Line ships running the route of Montreal for nine years, before taking the position of port warden, which he held for seven years.

BRONZE LORD KITCHENER TO STAND IN CULCUTTA

Replica of the Statue is to be Placed in Khartoum—Likeness is Excellent and Lifelike.

London, Aug. 5.—Preparations are now being made for the placing of a large replica of Lord Kitchener in Khartoum, Sudan. The statue is being made in bronze and will be placed in Khartoum.

DISMEMBERED REMAINS OF MISSING MAN FOUND

At a Result of the Coroner's Inquest a Verdict of Murder is Given and the Woman's Wife is Declared.

Selkirk, Man., Aug. 4.—Returning from Port Alexander last night, Dr. Lord and party, who had been north searching for Edward Sinclair, a trapper, found the remains of the missing man. The remains were found in a box, and the coroner's inquest was held today.

\$3.50 RECIPE FREE FOR WEAK MEN

Send Name and Address Today—You Can Have It Free and Be Strong and Vigorous.

We have in our possession a prescription for nervous debility, lack of energy, weak manhood, falling memory and lame back, for the cure of which we have a remedy that will restore you to health and vigor. It is a simple matter to get it, and it is free.

CROWN COLONIES MAKE PROGRESS

Colonial Secretary Reviews the Advance During Year—Position of Canada

London, Aug. 5.—Presiding at the fourteenth annual dinner of the Colonies at the Cecil Hotel, Right Hon. Lord Balfour, colonial secretary, in proposing the toast of the Colonies, reviewed the progress of the crown colonies during the year. The secretary said that the colonies had made great progress in the past year.

In relation to Nyassa-land, an event had recently occurred which portended much future prosperity. The contract for the extension of the railway from the Zambezi had been signed. The arrangements for the extension of the railway from the Zambezi had been signed.

In the Antilles they found a new condition of trade affairs, the result of the Canadian reciprocity agreement which had finally been concluded and proclaimed. The result of that agreement in nearly every case has been an approach to a freer trade and lessened duties.

He believed that this agreement formed upon the report of the royal commission would be of advantage both to the West Indies and to Canada, and that coming as it did at the moment of the denunciation of the sugar convention, which created much fear but little danger, it would be a steady influence both upon opinion and commerce.

ONLY SURVIVOR HEARD OF IN DEATH

Two Missing Men Thought Blown to Pieces—Nineteen Others Killed in Mine

Pottsville, Penna., Aug. 4.—Harry Schott, the only survivor of the explosion at the coal mine, was found dead in the mine. He was the only one left alive when the mine exploded.

WILSON SENDS FORMER GOVERNOR LIND OF MINNESOTA TO REPRESENT HIM PERSONALLY

WILL BE AMBASSADOR WHEN PEACE IS MADE
New Appointee Starts Immediately for the Southern Republic But Not As Acting for United States.

Washington, Aug. 5.—President Wilson yesterday took the first steps in the policy through which he proposes to deal with the Mexican situation. He formally accepted the resignation of Ambassador Henry Lane Wilson to take effect on October 14, and sent to Mexico City as his personal representative one not accredited to the Huerta government—former Governor John Lind of Minnesota, a life-long friend of Secretary Bryan.

The understanding is that when a stable government is established in Mexico Mr. Lind will be formally named as ambassador. President Wilson and Secretary Bryan had frequent conferences during the week. Ambassador Wilson had a long talk with Mr. Bryan and Chairman Bacon of the senate foreign relations committee, discussing the situation with the president at the white house, but except for the announcement of Mr. Lind's mission, no explanation of the policy to be pursued by the American government was forthcoming.

THREE DAYS' ARMISTICE

Bucharest, Aug. 4.—A three-day armistice has been agreed to between the Balkan states. The armistice is for three days, from August 4 to August 6.

When the rebels left the women miners, they left them in a state of confusion. The women miners were left in a state of confusion and were not able to work.

ENGINEER TAKES MISTAKE BLAME

Alderman Livingstone and Driscoll Clash at Alberta Avenue Hearing.

After a short investigation yesterday afternoon, the committee appointed to inquire into the error in the Alberta street car grade passed a motion to the effect that the engineering department assumes all blame for the error and that it has been shown by the city engineer that the extra cost of \$11,000 has been provided for in the estimates.

TRYING TO SPLIT STRIKERS' FORCE

Calumet, Mich., Aug. 5.—Attempts were made yesterday to split the ranks of the striking copper miners by organizing local unions of the strikers.

VALPARAISO GETTING READY

Panama, Aug. 5.—Admiral Jorge Montt and Admiral Latorre of the Chilean navy, sailed for home after having made a study of the Panama canal from the standpoint of the Chilean navy.

RESOLUTION IS RESCINDED

Ph. Chow, Aug. 5.—The assembly has rescinded the resolution of the independence of Ph. Chow province from the Republic.

HUERTA IS RECOGNIZED BY THE RESIDENT

Wilson Sends Former Governor Lind of Minnesota to Represent Him Personally

WILL BE AMBASSADOR WHEN PEACE IS MADE
New Appointee Starts Immediately for the Southern Republic But Not As Acting for United States.

Washington, Aug. 5.—President Wilson yesterday took the first steps in the policy through which he proposes to deal with the Mexican situation. He formally accepted the resignation of Ambassador Henry Lane Wilson to take effect on October 14, and sent to Mexico City as his personal representative one not accredited to the Huerta government—former Governor John Lind of Minnesota, a life-long friend of Secretary Bryan.

Specially Prepared Economies

For Wednesday Morning

The store closes at 1 p.m. Wednesday and we have only four and half hours to do a whole day's business, but with values such as these we expect a busy day and have prepared for it. All counters are crowded with specials in seasonable merchandise and all at the lowest possible prices.

Men! Take Note of These Savings for Wednesday

On Wednesday morning our regular stock of men's suits will be at your disposal at prices that should surely suit your purse. All are marked away below regular not because they are not worth their regular prices but because new goods are arriving daily and we would be soon overstocked if something wasn't done.

All are of this season's materials and of this season's cuts and styles. Our new fall orders will be in on us soon and to do them justice and to show them well we must have lots of room and therefore the following prices are the result.

A few among this lot are of the coming fall style and at the prices quoted they should readily meet with your approval.

Regular \$15.00 for	\$10.00	Regular \$16.50 for	\$11.95
Regular \$20.00 for	\$14.95	Regular \$22.50 for	\$16.25
Regular \$25.00 for	\$18.95	Regular \$27.50 for	\$21.00

Men's \$1.50 Straws Men's \$1 Straws

A man generally uses up two straw hats during the summer season and it is time now for that second one. Men's rough pleated straws in boater styles. Regular \$1.50. Wednesday... 99c

Men's soft straw hats, just the kind for your summer vacation. A good serviceable hat which is made to stand a lot of hard, rough wear. Regular \$1.00. Wednesday... 59c

THE ORIENTAL-CAUCASIAN
CONFLICT ON THE FRASER

The theory that the introduction of Oriental labor invariably reduces the standard of wages below what the Caucasian is willing to accept receives a rude jolt in the dispatches of yesterday which relate how the Jap fishermen, on strike against the reduction in the price paid by the canneries for sockeyes, boarded the boats of the Greek fishermen who refused to go on strike and threw their catches back into the Fraser river. Here is a case where the Jap is the striker and the Caucasian is the strike-breaker.

As a matter of fact, the Pacific Coast is commencing to learn that the Japs are a good deal like other classes of humanity but, being more primitive and more recently rescued from the barbaric state, are more direct in their methods. That they are by no means the reconciled and docile servitors that the Caucasians have popularly been prone to believe them has long ago become apparent to those who have had opportunity to observe them at close range. Having been accustomed to a lower standard of living, they have no difficulty in beating the Caucasian out in the competition for cheapness, but that does not debar them, when the occasion is propitious, from demanding much. California is discovering this in her experience with the Japs in the largely taken possession of by first driving the driving the orchard-owners into surrender by then refusing to work for them except on terms which give the Jap possession.

Practically a similar process is going on in the Fraser river fisheries. Upon the occasion of the now-historic strike on the Fraser, twelve years ago, it was the Jap who underbid the Caucasians. In the finish the Japs were in possession of the river, and except in the big years comparatively few white men have followed the business of salmon fishing. This is the big fourth year again, in which the salmon run reaches its largest proportions, and men come from all points of the compass to engage in the industry; but a census of those engaged would undoubtedly show that the Japs now outnumber the whites by two to one—and being virtually in supremacy on the river they proceed to get what they want or drive off those who oppose them. If the process on the Fraser is followed to its logical conclusion, as was done in the California fruit industry, the Japs will undoubtedly finish as the cannery owners, and the Bell-Irvings and other-cannery kings can go elsewhere with their capital to look for a field in which they will have a more docile and less ingenious people.

If this were the outcome, very little sympathy would be coming to the cannery owners. It was they who first introduced the Japs and made them a factor in gathering the harvest from the sea; a harvest so rich that all engaged should have been able to profit richly. If the Japs, by their direct method, which has heretofore been unavailing, virtually confiscate the cannery business, the result will be a poetic justice to the cannery men who have already dispossessed thousands of white fishermen of their livelihood by importing the acquisitive Japs.

THE DOUBLE VALUE OF THE
ANNUAL BUSINESS TOUR

The annual tour of the business men of Edmonton throughout the territory of which this city is the commercial capital is an institution which has a double value; a value as a publicity enterprise for the benefit of Edmonton business firms and a value as an educator for Edmonton business men.

Leading spirits in cities such as Seattle, San Francisco and Portland have done their own cities a world of good by the inauguration of "Know-Your-Own-Town" campaigns, in the course of which sweeping publicity for the benefit of the residents right in the city has been undertaken and pilgrimages made by hosts of citizens to the leading industrial institutions.

Strange as it may seem, there are in every city thousands upon thousands of people who have no conception of the extent and nature of the industrial and mercantile development of the place in which they live. Edmonton is no exception. It is safe to say that no individual in the city today—unless it be Chief Lander of the fire brigade—has seen the inside of every one of the industrial institutions of the city, and very few indeed could name more than half of them.

This being true in such a circumscribed area as the city limits, how much more true in an empire such as that in which Edmonton gathers its trade. An annual run through the country within a radius of three hundred miles of Edmonton will do more to broaden the conception, not only of those upon the excursion but of those who read about it as well, than any other agency that could be imagined. When these business men are at the same time gathering ideas of the possibilities of the Edmonton country and are personally meeting potential customers, the value of the excursion can scarcely be discounted.

EXPRESS COMPANIES IMMUNE
FROM CONFISCATORY LEGISLATION

By a sweeping order of the United States Interstate Commerce Commission, express rates in the neighboring republic are to be reduced \$26,000,000 a year, a total of 16 per cent. of the aggregate annual takings of the express companies.

Among the public service corporations, the express companies have been the most rapacious and the most predatory. Investigations both in Canada and the United States have shown that express companies in many cases had invested less than five per cent. of the money represented by the securities floated against them. In almost every case they were shown to be proprietary institutions, in the hands of the railway directors, which attached as a barnacle to the railway business, having practically no equipment of their own, and no moral right to be in business, using the railway's facilities for the purposes of an enterprise which piled up amazing fortunes out of a service which could have been much better rendered by the railways themselves, or even better yet, by the postal department.

To cut down the express rates may squeeze a volume of water out of the express company's stocks, but it cannot rob anyone. Having comparatively nothing invested except their stationery, the express companies are in the position that they are practically immune from confiscatory legislation; they have nothing to confiscate—except the franchise to over-charge.

AN INSULT TO
CANADIAN INTELLIGENCE

Richard McBride's proposal to submit the naval question to the Imperial Admiralty board is a remarkable illustration of that gentleman's mental attitude; an attitude which is consistently tory.

The difference between the tory habit of thought and the liberal is that the tory wants to be governing or governed, as the case may be, while the liberal wants to be legislating or legislated for.

When McBride proposes that the people of Canada dodge the responsibility of deciding for themselves a question of national policy, he promulgates the tory slant of mind so typically that there is no mistaking his conception of the public as a mass incapable of reaching a sensible decision. The liberal attitude is that the people of Canada are competent to decide for themselves the naval question and every other question, and do not have to delegate the right to decide to any other authority than the tribunal of the ballot.

To pass on the decision to some other authority would be to admit that there is an inferiority of intellect in Canada; that the Canadian people can not be trusted to reach a conclusion upon a matter which is distinctly their own.

McBride's proposal is an insult to Canadian intelligence.

THE PERENNIAL
CHINESE RAID

The perennial police raids upon the Chinese opium and gambling joints are either a very transparent deception or a very evident indication that the police are normally tolerant of such places.

On Sunday night the police made a raid and gathered in a wagon-load from a place within a stone's throw of the police station. It is the raid to be taken to mean that the police have been unaware of the existence of this place right under their very noses, so close that the acrid fumes of the opium must have reached the station when the wind was right and the clatter of the dominos has been so persistent as to interfere with the drowse of the station? Or is it to be taken to mean that this place has been conducted with the knowledge of the police?

Either answer is not particularly flattering to the man at the head of the force.

JUST PARAGRAPHS.

An election in which Colonel Carstairs does not get into a fight with someone would be a tame affair indeed.

TODAY WE CELEBRATE

ITALIANS CELEBRATE FEAST
OF OUR LADY OF THE SNOW

Local Italians, and especially those who hail from the province of Calabria, will celebrate today the festival of Our Lady of the Snow. The observance in the Italian colony follows as closely as possible those which take place annually in the basilica of St. Mary Major, or St. Mary at Nives, in Rome, and in the town of Avellino, nestled amidst the snow-capped mountains of Calabria.

The church of St. Mary Major, on the hill of Aventine, one of the seven hills of the Eternal City, is so called because it is, both in antiquity and dignity, the first church in Rome bearing the name of the Virgin. It is popularly called St. Mary at Nives, or "the snow," from a tradition that the Mother of Jesus chose this spot for a church under her invocation by causing a miraculous snow to fall upon the site in summer. At the same time a vision appeared to Pope Liberius and simultaneously to a wealthy patrician senator named John, and the latter was instructed to endow a church in honor of Our Lady of the Snow, the feast of the Virgin. The church was built and was consecrated by Sixtus III. in the year 435.

In Calabria, the people mark the feast of Our Lady of the Snow with novel ceremonies in the village of Avellino, because there the worshippers are in sight of mountains clad with eternal snows.

The most precious possession of the church in Rome is a manger said to be the very one which was the crib of the infant Jesus. It resembles an ordinary manger, but is kept in a case of solid silver, and contains an image of a little child, also wrought in silver.

Old English Holiday.

For over two centuries the 5th of August was a holiday in England, commemorating the "miraculous escape" from death of James VI. of Scotland, afterwards James I. of England. It was on August 5, 1600, that Alexander Ruthven, a younger brother of John Ruthven, Earl of Gowrie, sought an audience with the King, and told him an extraordinary tale of treason, and invited the monarch to visit Gowrie House in Perth to see him. The King's curiosity was aroused, and he went with Ruthven to the castle, where he was led through a maze of rooms to a turret, and there attacked by Ruthven and his brother, the Earl of Gowrie. His Majesty's friends arrived on the scene just in time to save his life, and the brothers were slain. The preceding Earl of Gowrie had at one time taken James a prisoner, and held him a captive in his castle for 10 months, and for this he was executed. It was to revenge their father that the Earl and Ruthven made the attempt on the life of the king. After the two men had been cut into small pieces, and were considered thoroughly dead, the ruler and his saviors knelt on the bloody floor and thanked God for their deliverance. Long afterward the fifth of August was celebrated as a day of thanksgiving, but the custom has now died out.

TODAY'S BIRTHDAY
PARTYDR. TAYLOR 65 TODAY
SOON TO QUIT VASSAR

(By G. Terence)
 Growth of suffragist and socialist sentiments among the fair students of Vassar college, the world's oldest, independent institution for the higher education of women, is alleged to have been one of the contributory causes of the resignation of Dr. James Monroe Taylor from the presidency. After a service of nearly 27 years, Dr. Taylor will retire next February. Advancing age is the reason he has assigned, but he is only 65 today, having been born in Brooklyn, N. Y., in 1848. The Vassar student is an authority on religion, ethics and political economy, of the orthodox variety, and it is no secret that he has often been shocked and grieved by the heterodox opinions expressed by many of his fair charges. The famous college at Poughkeepsie was founded in 1812, serving churches in Newburg, Conn., and Providence, R. I., before assuming the presidency of Vassar in 1886.

Dr. Taylor was educated at Rochester university and Rochester Theological seminary, and entered the ministry in 1871, serving churches in Newburg, Conn., and Providence, R. I., before assuming the presidency of Vassar in 1886.

To be the son of a genius is not always an advantage. The young man strikes twice in the same family, and the offspring of distinguished men, however talented they may be, suffer from comparisons that are odious. Henry Brodribb Irving, who was born in London, 43 years ago today, learned early in his stage career that his great talent and ability must always fall of full appreciation because he was the son of his talented father, Sir Henry Irving. The gods gave him much, but they withheld the Prometheus fire bestowed upon his sire. Sir Irving's middle name, Brodribb, is the family name of his father, which was changed to Irving by royal warrant. Sir Henry desired that his eldest son should become a barrister, and he fulfilled the parental ambition to this extent, studying law and being called to the bar of the Inner Temple. As a school boy, however, he was fond of amateur theatricals, and he never practiced law, preferring to follow his father's profession. He appeared in many notable works in London theatres, and in 1906 made his first American tour. Since then he has toured Australia and South Africa with great success.

and in 1906 made his first American tour. Since then he has toured Australia and South Africa with great success.

"Three Acres and Liberty" is the lure held out to city-dwellers by Bolton Hall, the literary laureate of the "back to the land" movement. The eminent lawyer and chief advocate of the "little land and a living" movement was born in Ireland 39 years ago today. His father, the Rev. John Hall, was the eminent Irish-American Presbyterian clergyman. Bolton Hall's youth was in Dublin, and he was 13 when his father came to America in response to a call from the Fifth Avenue church. The son graduated from Princeton and for many years practiced law, but abandoned that profession to devote his life to the small farm system. He has not been content with writing books about his pet theory, but is himself a practical farmer and has demonstrated by the sword of the propaganda of the reform in which he is interested. He has traveled all over Europe investigating the small farm system. He has not been content with writing books about his pet theory, but is himself a practical farmer and has demonstrated by the sword of the propaganda of the reform in which he is interested. He has traveled all over Europe investigating the small farm system. He has not been content with writing books about his pet theory, but is himself a practical farmer and has demonstrated by the sword of the propaganda of the reform in which he is interested. He has traveled all over Europe investigating the small farm system.

CYNICAL OLD "BLACK JACK"
 One trouble with Canada east and west is that too many people have been sitting on cushioned seats of automobiles who should have been distributing themselves each on the iron seat of a self-binder.

(Saskatoon Phoenix)
 Up in Meaford town the Roman Catholics are holding service in the Orange Hall. If the Catholics reciprocate at some other point it would be in writing to send the word to Redmond and Carson.

What adds more to a good breakfast is what is more enjoyed—than a cup of good coffee?

What is simpler to make?

Why deprive yourself of this morning luxury when

Chase & Sanborn's Seal Brand Coffee

costs but one cent a cup?

CHASE & SANBORN, MONTREAL

Your Bad Taste In The Morning Is Due To Catarrh

Destroy This Poisonous Disease Before Your Health Is Seriously Injured.

Perhaps you haven't thought of calling these unpleasant symptoms that offend your nose and throat by any particular name—but it's Catarrh just the same.

When the attack is severe, your eyes are watery and look weak. Your breath is offensive, due to inflammation in the nose and throat.

At last science has discovered a real remedy. A new scientific marvel which acts like no other Catarrh remedy on earth.

"Catarrhose" operates on a new plan; it is a direct remedy, goes instantly to the source of the trouble, its rich, fragrant essence and healing balsams are breathed in vapor form through a special inhaler and give instant relief.

"Catarrhose" doesn't stop at the relief stage—it goes further—keeps on going till a cure is effected. Bad cases are cured, as you see, from the following letter: "Every morning for six months I had woken up with a bad taste, an awful breath and stuffy up feeling in my nostrils."

Writes Rob E. Rutland, of Regina, "I was simply an awful case of chronic Catarrh. Relief first came from Catarrhose. I used that inhaler twenty times a day and took it to bed with me at night. I am cured, and by the use of Catarrhose stay well. Now I am free from irritable throat, trouble, coughs, colds, headache, or catarrh."

No medicine on earth is so certain to cure every form of Catarrh or throat trouble as "Catarrhose." Get the large \$1.00 size, but two inches and is guaranteed; medium size 50c; sample size 25c; all storekeepers and druggists. The Catarrhose Co., Buffalo, N.Y., and Kingston, Canada.

KAVALA TO GREECE JUST FOR PRESENT

Peace Conference Decision Will Be Overruled by the Great Powers.

London, Aug. 5.—The Times' Bucharest correspondent says he believes the Balkan peace conference will allocate Kavala to Greece, but that as Russia, Austria, Great Britain and Italy insist on the rule of this Aegean seaport should be decided by the powers, it is not unlikely that it eventually will be given to Bulgaria.

It is reported in Belgrade says the Telegram's correspondent in the Serbian capital that the Bulgarian government has ordered the arrest of Dr. E. Isuffet, former premier and head of Bulgarian peace delegation to London on a charge of unlawfully using secret funds of the government.

In Alghaid the outlook at Cavipera is being viewed with much concern, and it is said that the Mohammedans had become excited by recent news in the Italian papers in London, where a public meeting was held to protest against the Cavipera rebellion, the police had the most difficult task in controlling the crowd as great was the indignation.

Must End Friday.
Bucharest, Aug. 5.—M. Majurose, the Roumanian premier and prominent president of the peace conference in London, has announced the extension of the mission, said that no further proposition would be asked and that therefore the labors of the conference must be completed Friday. It is understood that Majurose is determined the peace preliminaries shall be signed Friday and that the unsettled points, such as the ownership of Islip, Kotehna, Plovdiv and Strumitsa shall be submitted to the decision of the powers. It is believed Greece will retain Kavala.

THE WEATHER.

Forecast: monotonous and Saskatchewan, rain today and on Wednesday. Alberta: A few scattered showers, but mostly fair today and on Wednesday.

Pacific: Rain has fallen heavily in the Calgary district, and light showers in southern parts of Alberta and a few scattered rains in Manitoba. The weather in all districts has been warm.

BUSINESSMEN NEW GRAB BELT

Vast Fields of Waving Grain Almost Ready for the Reap.
HARVEST HELP AND CARS FARMERS' CARE

Noticeable Feature of Trip is Infrequent Reference in Towns Visited to the Financial Stringency—Cash Trade Good.

(Special to the Capital.)
Lloydminster, Alta., Aug. 5.—Vast fields of waving grain just beginning to turn in which the reaper will be seen in the near future, proved the centre of interest for the Edmonton business men on their trip over the main line as far east as the Alberta boundary yesterday.

From information gathered along the road the consensus of opinion is that a record-breaking crop will be harvested this year and the only two items of interest to the farmers today are whether they will be able to secure sufficient cash for the transport and a sufficient of cash for the transport and a sufficient of cash for the transport.

Breakfast over, a tour of the town was in order, visitors meeting all the farmers and discussing problems of interest to both.

A noticeable feature of the entire trip has been the scarcity of discussion respecting the financial stringency. So far as the farming districts are concerned they are not interested in the financial stringency.

Lloydminster merchants state that this year has been one of the best in the history of the town. The actual trade has been 10 per cent. better than previous years.

At the other towns on the main line, the situation was similar. The actual trade has been 10 per cent. better than previous years.

The trip of the business men promises to be a complete success. The business men on the main line, the situation was similar.

At the other towns on the main line, the situation was similar. The actual trade has been 10 per cent. better than previous years.

King of Norway Has Awards for Gallant Rescue

Captain of Ship Gets a Silver Cup, and Mate and Seaman Receive Medals

Boston, England, Aug. 5.—The deputy mayor of Boston, Lincolnshire, has presented on behalf of the King of Norway, to the captain of the Eastern Sea fisheries trawler, a silver cup, and the mate and three seamen with silver medals, in recognition of their gallant rescue of the crew of the Norwegian schooner in October last.

TECHNICAL SCHOOL TO MAKE PRINTERS

Request for Establishment of One Presented by Montreal Organizations.

Montreal, Aug. 5.—An influential delegation representing the employer printers of the city, the Typographical union, and the Montreal technical school, called upon the mayor of Montreal yesterday, to prefer a request for the establishment of a technical school where the art of printing and bookbinding would be taught.

The necessity for such an institution, it is said, is caused by the shortage of experienced printers in the city. The fact that the apprentice system is not working successfully in modern times, the mayor of Montreal yesterday having neither the time nor the inclination to instruct a printer, the mayor of Montreal yesterday having neither the time nor the inclination to instruct a printer.

The mayor of Montreal yesterday having neither the time nor the inclination to instruct a printer, the mayor of Montreal yesterday having neither the time nor the inclination to instruct a printer.

FISHERMEN'S STRIKE ON THE FRASER RIVER ENDS

Work and File of the Japanese go to Work and Soon White Men and Indians Follow.

Vancouver, B.C., Aug. 5.—The fishermen's strike on Fraser river went to the end of the line when, despite the efforts of officers of the Japanese union and representatives of the I.V.W., it was held that the strike of the Japanese on the Fraser river went to the end of the line.

POETESS OF PRIEST SUFFERED SO MUCH SHE WANTED TO DIE

"Fruit-a-lives" Cured Her And Brought Her the Joy of Living.

Paris, Aug. 5.—The trial began at 10 a.m. in the department of Lot-et-Garonne, yesterday, of Mme. Crespy, the poetess, who is accused of having fatally shot last January a young priest, the Abbé Chassey, who was her lover.

The poetess gave the impression of a woman of strong will and unusual self-possession, but when her mother and sister passed before her, all her women were shaken with sobs and buried their faces in their handkerchiefs.

SENIOR WARS AGAINST DELAY ON TARIFF BILL

He Also Says that Protection and Socialism are Twin Evils and Opposed.

Washington, Aug. 5.—Senator Sutherland of Delaware denounced the tariff bill brought in the senate today for the democrats and warned against the time in long debates.

Asserting that "Protection and Socialism are twin evils and opposed," Senator Sutherland declared that protection had reached its end.

"No special interests," he declared, "are to be protected. The tariff is a privilege of the few, not a right of the many. It is a privilege of the few, not a right of the many."

Corcoran, Aug. 5.—Following a drunken Toronto, during which a robbery occurred yesterday, the police have been busy with a fractured skull and three men in the police cells.

Rescued Two Late. Cobalt, Ont., Aug. 5.—The second drowning accident in the Cobalt mining camp in 24 hours occurred yesterday afternoon, when a man was drowned.

Bank Cashier Drowned. Detroit, Aug. 5.—John H. Hill, cashier of the Royal bank here, was drowned yesterday morning when he fell into the Detroit river while on his way to work.

Beef Hides—There is a liberal demand of hides for this season of the year with a slight accumulation. While the leather market shows a slight improvement, yet the situation is far from satisfactory.

Sheep skins continue in good demand with liberal prices. City lake according to size, 15 to 18 to 25 to 30 to 40 to 50 to 60 to 70 to 80 to 90 to 100 to 110 to 120 to 130 to 140 to 150 to 160 to 170 to 180 to 190 to 200 to 210 to 220 to 230 to 240 to 250 to SCONA UNABLE TO AVENGE AN EARLY DEFEAT

Father Time Cut Short the
Game and Draw Was the
Result of Return Game

Strathcona entertained the North Edmonton club on the South Side Athletic grounds on Saturday afternoon, and after playing themselves into a winning position could not avenge the defeat inflicted on them by their rivals early in the season at North Edmonton. Father Time coming to the assistance of the men from across the river and enabling them to make a draw.

The South Siders are certainly a totally different team on their own ground, and every one was good for a few on Saturday. Bell being top score with 40, and Hall coming next with 23 not out. McMillan scored 20 out of the first 25 on the board, but he always expects to hit every ball for four, and this is usually his downfall. Murdoch bowled and batted well for North Edmonton, but he gave a chance in the slips from a full toss to leg from the ball bowled him, which would have altered the game considerably had it been accepted.

Strathcona.

A. McMillan, b Murdoch	20
R. H. Dyer, b Miller	20

ALBERTA LOSES FIRST GAME IN TOURNAMENT OF WESTERN CRICKET

Lowell Made Good Stand at Bat and Pardee Bowls Well—Saskatchewan and Winnipeg Play Draw—Alberta Lose on Bowling.

Winnipeg, Aug. 5.—The annual tournament of the Western Canada Cricket association opened here today with teams representing Alberta and Manitoba being engaged on the one side while Winnipeg and Saskatchewan fought it out on another. Splendid weather favored the event which was largely attended.

Manitoba by virtue of its strong bowling force and good bowling, had much the better of the game against the western province, winning in comfortable fashion 239 to 113. Weak fielding on the part of the visitors contributed to a certain extent to their downfall, for Felscheid the highest scorer, was blessed with more than his share of luck in compiling 62. The visiting bowling was also weak, and all stages of the game was unmercifully lounced.

Alberta's Innings.

The feature of the Alberta's innings was the splendid batting display given by Lowell, who carried his bat for 56 made by fearless strokes all around the wicket. Pardee was the most successful bowler, taking four wickets for 17 runs.

Saskatchewan effected a draw against Winnipeg, and again the bowing of the teams contributed toward the high scores. The result was a drawing of outstanding brilliance about the field of cricket given, but had the playing been better, the teams would have been disposed for much smaller totals. It was a pretty fair draw, the balance having the measure of the bowling from the start.

Annual Meeting.

A meeting of the association, was held in the evening when it was arranged that Regina should have the 1914 tournament. A motion was passed by the effect that in the event of two teams being entered from the one province players would only be eligible to play in one of three. Only that province starting the tourney would be allowed to enter two teams.

Officers were elected as follows: Patrons: Local Governors of Alberta, Manitoba and Saskatchewan. President: President, Judge Johnston. Vice-president, Sir. H. J. MacDonald, C. E. Page, Moonbeam and H. G. Napgood. Secretary: Treasurer: O. J. Godfrey. The executive for the annual tournament will be chosen from the province having the event.

Detailed scores of today's games are as follows:

Alberta.

TECUMSEHS LOSE AFTER TWENTY M. OVERTIME PLAY

Torontos and Indians Engaged
In Fierce Battle Resulting
In Win for Toronto.

Toronto, Aug. 5.—In one of the best games of the season, the Torontos defeated the Tecumsehs yesterday by a score of 6 to 4, but it took 20 minutes overtime to decide the victory. There was a large crowd present and they saw a fast game, and after half time, the excitement was at fever heat.

It looked for a while in the first quarter as though the Tecumsehs would run away from their rivals. They scored four times in quick succession. The Torontos then put Holmes in the nets to replace Muir. With Holmes playing in his form, the Toronto defense settled down and the Tecumsehs did not score during the last 80 minutes of the match, counting the extra period. The chief reason for the way in which the Indians faded was that McDougall could not keep up the tremendous pace which he set in the first quarter. This man has taken Querre's place as the pivot of the Tecumsehs' attack and he did not save himself to do the whole distance. When he slowed down the rest of the team followed suit. Fitzgerald had Querre checked to a standstill and the Tecumsehs' manager was never in the least dangerous. Under the circumstances it was easy for the Torontos defense to keep the Tecumsehs attack from becoming effective. It may be said that Barry, who recently came to the Torontos from the Shamrocks, more than made good on the defense. He had the necessary speed and proved himself an excellent ball player. He and Harshaw always secured the ball when a mixup resulted in front of the Toronto goal. The Toronto home goal to working very slowly, but after the third quarter it was going at top speed. Dandeno put up the best game he has shown this season and Kells was in the form.

when a mixup resulted in front of the Toronto goal. The Toronto home got to working very slowly, but after the third quarter it was going at top speed. Dandeno put up the best game he has shown this season and Kalls was in fine form.

Victoria, B.C., Aug. 5.—Frank Patrick, the well-known hockey marmale, is now in New York, where an operation will be performed on his eye. He will pass through Winnipeg on his return to the coast.

QUAKERS OPEN HOME SERIES WITH VICTORY

Steve Kelly Plays Star Game—Johnny Mackin Pulls Sensational Stuff.

Saskatoon, Aug. 5.—The Quakers opened their long home series by defeating the Red Sox 6 to 3 in a listless game here yesterday.

The playing of Steve Kelly, Hartley's new outside fielder, was a feature. He made two sensational catches in the field and created a fine impression. Johnny Mackin's one hand stab of a sizzling drive, followed by a throw while on one knee to first, was another redeeming feature, as was Holmes' hanging out a difficult foul fly.

Churchill and Nichols both showed good form on the mound. The former had nine strike outs and did not pass a man. He was found for eight hits, all singles but two. Nichols struck out five and passed one. Ten hits, one a double, were made off him.

Cullen's error and Chick's double scored Grulkshanks in the first session. In the fourth, Mills' single, Newman's error and Walters' single, brought in three for the Sox in the fifth. The Quakers hoped into the lead again in their half, Duffan's error, Kelly's single, a wild pitch, singles by Chick and Hurley, brought home a pair.

Grulkshanks' single followed by Cullen's and an error by Mackin, scored the fourth in the sixth. A walk and Newman's wild throw to third brought in the sixth in the seventh session. The score—

Quakers..... 000 030 000—3 8 6
Saskatoon..... 100 121 100—6 10 4
Batters—Nichols and Baker; Churchill and Walters.

THINKS IT OVER.

MEDICINE HAT UNABLE TO GET TO CONGANNON

Moose Jaw's Star Twirler Kept
Dunn's Pets To Two Hits

Moose Jaw, Aug. 5.—Congannon twirled practically unhittable, but here yesterday and shut out the latter 5-0, allowing them but two hits. It was a good game to watch and Brown was little behind Congannon in the pitching department, but a little mistakes coupled with a couple of errors in the fifth inning gave the locals three runs and put the game on ice.

Up until the fifth it was a pitching duel. Then the first three Millers got on and filled the bases. O'Day singled, Johnson got first on Brown's own error and Moore was given four straight balls. Stadler then singled, sending home O'Day, and Stetson's long hit sent home Johnson and Moore. Stetson and Rosbach were out on a snappy double play, Godfrey to Ollis to Goddard.

Moose Jaw got two more in the eighth on two errors which let Stetson and Rosbach safe and Porter's two bawls which scored them both. The feature of the game was the long throw to Moore by Porter which cut off Ollis at the plate in the sixth.

Score—

Moose Jaw..... 000 030 020—5 8 1
Medicine Hat..... 000 000 000—0 3
Batters—Congannon and Moore; Brown and Ladd.

COPPER COUNTY ECHOES WITH REVOLVER SHOTS

Galumet, Mich., Aug. 4.—Practically the entire strike zone in the copper country echoed to rifle and revolver shots this morning. There were more than the usual number of "shadow shots" by sentries and an increased force of armed deputies was placed by troop commanders and national guardsmen for an almost constant popping of revolvers that lasted from shortly after midnight till daylight. Despite the pronounced drang no one was shot. The rumor of last night that a man had been shot near Red Jacket, proved false.

COPPER COUNTY ECHOES WITH REVOLVER SHOTS

Galumet, Mich., Aug. 4.—Practically the entire strike zone in the copper country echoed to rifle and revolver shots this morning. There were more than the usual number of "shadow shots" by sentries and an increased force of armed deputies was placed by troop commanders and national guardsmen for an almost constant popping of revolvers that lasted from shortly after midnight till daylight. Despite the pronounced drang no one was shot. The rumor of last night that a man had been shot near Red Jacket, proved false.

TENDERS WANTED

REAL ESTATE INSURANCE LOANS

MILION AND HALF NEW CONCERNS THE LAST MONTH

Four Companies in Province
Capitalized Over \$200-
000 Figure.

EDMONTON CORPORATION
AMOUNT IS FOR \$100,000

Several Appointments of Notaries
Public, Justices of the
Peace and Commissioners
Made.

Over \$1,500,000 are involved in the
joint capitalization of the companies in-
corporated in the province during the
past month, according to the current
issue of the Alberta Gazette, the exact
amount being \$1,545,000.

There are four companies capitalized over
the \$200,000 mark. The A. Mc-
Killop Company, Limited, with head
office in Calgary, and the Standard
Wagon Company, Limited, another Cal-
gary concern, are both capitalized at
\$250,000. Delaney's Limited, with
head office in Lethbridge, is also capital-
ized at \$250,000. Armstrong, Russell
and company, in Edmonton, has
a capital of \$200,000.

Four companies have capitals of
\$100,000, or over. The Alberta Pack-
ing company, with head office in Cal-
gary, is capitalized at \$150,000, and
the Slave Lake Lumber Company, Lim-
ited, an Edmonton concern, has a cap-
ital of \$100,000. Rex Motors of Cal-
gary, Limited, with head office in Ed-
monton, and the United Grain Produc-
ers, Limited, in Lethbridge, are both
capitalized at \$100,000.

Several appointments of notaries
public, Justices of the Peace and com-
missioners for taking affidavits for the
province have been made. Following
are the appointments:

Notaries Public.
Peter Geddes Thomson, Edmonton;
Cecil Cameron Trevanion, Calgary;
David Lee Hedman, Calgary; Paul
Maurice Desruelle, Lethbridge; Murdoch
James McKay, Hemsdale; Charles
Ross, Elk Point.

Justices of the Peace.
James Archibald, Badger Lake dis-
trict; Glenn Arthur Shaffer, Paterson;
Frederick Crossley, Paxson; Thomas
Edwin Collins, Carmanagay; William
McIntyre, Cruthank; Ernest
George Edwin Cooper, Lakesend; Fran-
cis Michael Brady, Youngstown.

Commissioners for Taking Affidavits
Edwin E. Ramsey, New North; J. H.
Patton, Highland; W. H. Heron,
Calgary; Sidney Kidd, Calgary; J. N.
Bundy, Calgary; J. H. B. Armstrong,
Lethbridge; T. S. Hinton, Keenau; C. O. F.
Wright, Hingham; L. Y. Cairns, Ed-
monton; H. J. Dean, Edmonton; H.
W. McLeod, Wainwright; H. F. San-
deman, London, Eng.

A. E. Aiken Company, Limited, bicycle
concern, which closed Saturday night, re-
sulted as follows: Number of beans in
suits, 444; No. of First Stokers of South
Edmonton issued the nearest number,
144. The seal was broken in the pres-
ence of Mr. Harold Loder of the Daily
Capital, who declared Mr. Stolley the win-
ner of the bicycle.

DETROIT BARBER FOUND NO WORK; ADJUDGED IN VAG.

Came to City to Improve Con-
dition—Stayed at Immi-
gration Hall Till Funds
Ran Out.

FRAIL WIFE GOES ON
SUSPENDED SENTENCE

While Husband Goes to Jail
for Having No Visible means
of Support—Ask to Be Sent
Back to Michigan.

A rather outstanding example of
summary justice was given in police
court this morning when Wm. Hunter,
who hails from Detroit, Mich., was
given two weeks' imprisonment with
hard labor. The man, who, with his
wife, came here some time ago, is a
barber by trade. They had sold out
their home in Detroit and, lured by ac-
cused in a Canadian immigration dis-
cuss, had come to this city. They
went to the immigration hall, where
the man endeavored to locate work in
his trade, that of barbering, but at
times were a little slack, he was un-
able to find employment. They stayed
around the place for some days until
the immigration officials decided that
they were vagrants, although when
the money began to run short they
had asked to be deported back to the
States. A warrant was sworn out be-
fore Judge Macleod, and they ap-
peared in police court this morning
with the result that the woman, frail
and sickly, was allowed to go on sus-
pended sentence and the man was given
14 days with hard labor.

Considerable sympathy was expressed
for the pair as they were practically
destitute, and when the husband
is incarcerated just what will become
of his wife, who has been suffering ill
health for some time, seems doubtful.

Nearly the entire time of the court
this morning was occupied by the case
of Joe Campanaro, who lives at 60
Bellamy street, and on whom promises
the police found a large and varied
quantity of liquor. Inspector Campbell,
who made the raid, with a most dis-
criminating nose, named from beer to
whisky, the various liquors con-
tained in numerous vessels, including a
cask and several corks. There were
about 15 witnesses for the defence, all
of whom stated that the man did not
sell the liquor, but that a sort of club
was in vogue on the premises, where,
by their all pooled a part of their
weekly savings and Joseph, the accus-
ed, purchased the refreshment. However,
despite the evidence of all these
perfectly respectable citizens of the
Italian colony, Inspector Campbell found
the man guilty and convicted him. He
reserved his decision as to the amount
of the fine.

Four More For Prison Farm.
Four more visitors are leaving to
spend a few days at the summer home
of Superintendent Lyons who has a
charming summer place, amid pastoral
surroundings, known as Prison
Farm. These are the men who have
fallen to pay the \$6 which it costs if
one indulges in too much intoxicating
drink and is caught with the goods in
him.

**AGAINST CHINESE
EMPLOYING GIRLS**

Labor Council Orders Investi-
gation and Report on Sas-
katchewan Law.

At the regular meeting of the
Trades and Labor council which was
held last night some important matters
were discussed among them being the
problem of Chinese restaurant keepers
employing white women in their places.
After a lengthy talk on the subject
it was decided to have the legislative
committee investigate the act which
has been in force in Saskatchewan for
some time and that they report at the
next meeting regarding the same.

The trouble between the Musicians
union and the picture theatre man-
agers was discussed and Delegate H. J.
Clerke of the union asked that the co-
operation of the other members of
trade unions be given in the matter.
The men had all been given their notice
and were at the present time being
employed. It was decided to interview the
executive of the union to learn what
should be done.

The legislative committee was in-
structed to look into the matter of
making a legal holiday of every election
day. This is so that the various work-
men can attend the polls and exercise
their right of franchise without being
interfered with.

The meeting considered the advis-
ability of securing a platform and can-
didates at the next municipal election.
Secretary Briscoe was instructed to
communicate with the city council re-
garding the danger existing in the sub-
way when street cars are passing
there. It has been pointed out that
there are no guards on some of the
windows and that one leaning out is
liable to be severely injured if not
killed.

NECROLOGIC.

The eight-months-old baby of Norman
Steele, 581 Heimick street, died
on Sunday. This baby will be shipped
to Didsbury today by Andrews Brothers.

MAYOR'S SYSTEM NOT NEW YORK'S

People Are Indignant at Pro-
posed Scheme for Renun-
bering Streets.

The citizens living in the vicinity of
Nanavoy avenue are incensed over the
proposed scheme being perpetrated on them
by the mayor and the committee ap-
pointed with power to act in changing
the names and numbers of streets
throughout the city.

So indignant are these people that
they discussed last night the advis-
ability of visiting the mayor to call a
public meeting to discuss this matter.
They feel that such a system should
be based on the public interest and
not on the whims of a politician.

One member of the informal gath-
ering held last night called attention
to a recent article in the Journal to
the effect that the new system was
similar to that used in New York and
that what is good enough for New York
should be good enough for Edmonton.
He stated that this article is not cor-
rect and very misleading, inasmuch as
141st street New York City is fully
seven miles long, while the business cen-
tre of the city and 22nd street is just
22 blocks from the hub of New York.
He went on to say that there are
some big numbers in New York, and
they signify just what they mean, that
—141st street is just 141 blocks
from the business center of the city.

The numerical streets are also di-
vided east and west, Fifth avenue being
the centre of the city, which means
that there is an east 141st street as well
as a west 141st street. For this reason
the citizens living in the vicinity of
Nanavoy street will not find a numeri-
cally named street containing five
figures in any house number. The first
nine blocks east and west of Fifth ave-
nue contain only three figures in the
house numbers.

It was contended that the scheme
now being thrust on the citizens of
Edmonton is a very serious mistake
in operation and a very serious mis-
take is being made if the citizens will
allow this system to be forced upon
them.

It was also stated at the gathering
that no city has ever before appointed
a committee of three with power to
act in a matter so serious as the chang-
ing of every street name and house
number in a city with a population of
almost 80,000 people.

No definite action was taken but the
popular opinion was that the proposed
scheme is faulty and ridiculous and
should not be allowed to pass.

**ONE MINUTE SERVICE
ON JASPER AVENUE TO
EXHIBITION GROUNDS**

Transportation Arrangements Adequate
to Handle Big Crowd During
Fair Week.

The superintendent of the street
railway announced that all possible
preparations are being made to give the
public the best street railway service
possible during the exhibition this year, that
they have ever received. With the new cars
already delivered it will be possible to
operate at least 45 cars on the line.

It will also be possible to give a
one-minute service from Jasper avenue
to the fair grounds during the busy
hours and maintain about a five-
minute service at other periods
throughout the day.

Owing to the construction work now
in progress along Alberta avenue and
Kirkness street it will be necessary to
route the syndicate cars along Spruce
avenue.

Under the present plan it will be
possible to operate cars from Jasper ave-
nue to the grounds in 10 minutes, mak-
ing the round trip in 40 minutes.

The superintendent of the street
railway has stated that the new cars
gradually and other apparatus at Jasper
avenue and Pine, main travel-
ling routes to the grounds. The new
cars are excellent and if it continues for
a few more days he expects to have the
roads in first class condition.

Special trains will also be operated
between the C.N.R. station and the
grounds at close intervals. With all
these preparations under way for the
accommodation of the citizens to and
from the grounds there should be no
trouble in the transportation facilities this
year.
